

MD SHAHZAD ALAM

Full Stack Developer

mdshahzadalam69@gmail.com | +91-6207794907 | [GitHub](#) | [LinkedIn](#) | [MyPortfolio](#) | Jehanabad, Bihar, India

PROFESSIONAL SUMMARY

Experienced Java Development with a demonstrated history of working in the Information Technology and Services Industry. A challenging and rewarding position organization that seeks an ambition and career conscious where acquired skills and education will be utilized for organization growth and advancement. Strong in programming design and integration with intuitive problem solving skills.

EDUCATION

Rajiv Gandhi Proudyogiki Vishwavidyalaya, Madhya Pradesh Bhopal (RGPV)

July 2020 - June 2024 (8.63 CGPA)

B.Tech (Bachelor of Technology) in Computer Science and Engineering.

12th (Intermediate of Science)

Tara college Kako, Jehanabad Bihar

Percentage : 69%

CERTIFICATES

PW SKILLS | Java with DSA and System Design | [Certificate](#)

- Gained an understanding of the fundamental concepts of OOP, including encapsulation, inheritance and polymorphism.
- Design, Develop and Test Java Application for client projects.

iNeuron | A Job Ready Bootcamp in C++, DSA and IOT | [Certificate](#)

- Gained an understanding of the fundamental concepts of OOP, including encapsulation, inheritance and polymorphism.
- Design, Develop and Test C++ applications for projects.

MedTourEasy | Data Analytics | [Certificate](#)

- Gained an understanding of the fundamental concepts of Data Analytics and MS word.

MySirG | Core Java(JSE) | [Certificate](#)

- Gained an understanding of the fundamental concepts of OOP including encapsulation, inheritance and polymorphism.
- Design Develop and Test Java Applications for clients projects.

SKILLS

Programming languages: JSE(Core Java) ,JEE(Adv. Java), Python, C, C++, JSP, Spring, JDBC, Hibernate.

Web Development: HTML, CSS, JavaScript, Bootstrap.

Platforms: Git, VS Code, GitHub, Eclipse, MySQL.

Others: Data Structures and Algorithm, OOPS, SQL, MYSQL.

EXPERIENCE

Java Developer Intern, Stuvally Technology (Gurugram, Haryana)

November 2023 – May 2024

- Created documentation for developed software components, facilitating easy maintenance and future updates.
- Collaborate with team members for successful completion of software developed projects within deadlines.
- Developed secure, scalable and maintainable Java application by adhering to industry standard design patterns.

STRENGTHS

Problem – Solving : Good at finding issues to keep projects moving forward smoothly.

Adaptability : Quick to grasp new technologies and methodologies.

Collaboration : Strong communication and team Collaborator.

Continuous-Learning : Always eager to learn new things, staying up-to-date with the latest trends and technologies in the field.

PROJECTS

Hospital Governance System (60 DAYS)

[Link](#)

- Designed and developed a Hospital Governance System using JSP, CSS, Javascript, Java, MySQL and Bootstrap to create responsive web pages.
- Maintain the Hospital Governance System of Doctors, Staffs, Facilities, Medical & many more.
- Hospital Governance System manage all types of facilities eg. Doctors Details, Patients Details.

Math Solution (7 DAYS)

[GitHub](#)

- In the Math Solution, Solve the mathematical problem to calculate the Area, perimeter & Volume of different shape.
- In this project find the all types of answer in different shapes of mathematical problems.
- Design and developed Math Solution using the Java.

Powergenic Engineering (10 DAYS)

[WebSite](#)

- Powergenic Engineering & Technical Expertise is a Technical Maintenance Company & Technical Advisor.
- Designed and Developed this **RUNNING** website using HTML, CSS, JAVASCRIPT.

HOBBIES

- Coding
- Traveling
- Reading Holy Books
